

(a) Continued adaptation can help both

Mean accuracy over rounds 81–100

Client-LT · LA · seed 42. E2: fixed A; E3: 9 extra A updates; S: 90 extra A updates.

J: daily joint A/B + 9 extra A updates. S has more optimizer steps; this is a strategy comparison.

Peak: maximum over rounds 1–100. Drop: peak minus round 100; it is not the last-20 mean.

(b) Retention depends on the strategy
